Re: Air conditioning service

Dear Atomic Services:

I just wanted to write and commend you for another job well done. As always you were professional and prompt. The work performed was excellent and your price very fair.

As a property manager with over 50 properties to maintain, it is a comfort to know you are there whenever we need you. I have always been extremely pleased with your service and I have never had a complaint from a tenant.

Atomic Services will continue to receive all my future air conditioning business. I will continue to recommend your services to my clients, investors/owners, as well as neighbors and friends. Please do not hesitate to use me as a reference. Thanks again for over 3 years of quality service.
